Description: Sue Price contacted us about designing a new website for Rogue Winterfest in 2012. Josephine County's largest holiday festival, Rogue Winterfest brings the community together to raise funds for three nonprofit mental health organizations: Family Solutions, Kairos, and Options for Southern Oregon.

Rogue Winterfest was ready for a rebranding, and we had come recommended by Family Solutions, whose logo, visual identity, publications, and website we had just completed. We designed a new logo and visual identity for Rogue Winterfest along with creating a wide array of publications; print and digital advertisements; signs, street banners, and electronic reader board artwork; PowerPoint slides; and MailChimp e-newsletters. All of these materials reflected a unified graphic identity through the new branding, logo, color scheme, typography, and snowflake watermarks we incorporated into both the website background and publications. Organizational participants and community members alike repeatedly stated how classy the new look was and stressed how dramatically we had elevated the event materials and website, resulting in significantly higher success rates (both attendance and funds raised) each successive year.

Affiliate Organization: We have had the honor of working with all three nonprofits Rogue Winterfest was created to support: Family Solutions, Kairos, and Options for Southern Oregon. As mentioned above, we designed a logo, visual identity, publications, signage, and website for Family Solutions after the organization was renamed from Southern Oregon Child Study & Treatment Center (SOCSTC). We also worked with photographer Rory N. Finney to art-direct photography needed for the website and later did the same for Options for Southern Oregon. After witnessing our work with Rogue Winterfest, Kairos contacted us about providing graphic design services to their agency. We created logo revisions, established a more consistent visual identity, designed and typeset business cards for hundreds of employees, and created a wide range of publications. We continue to work with them frequently.

Comments by Sue:

- "I can't tell you how terrific you have been. Thank you so much!!!! I will definitely recommend you to EVERYONE!!!!"
- "Were your ears burning? At the meeting tonight, we got tons of compliments on all the graphic pieces. You were the topic of many conversations! You are so great!!!!"
- "The success is largely due to the incredible build-up with our spectacular website and advertising promo pieces. Again, many thanks!!!!"
- "Thank you again for everything. You have been such a pleasure to work with. This whole process was so much better with you involved!"
- "I cannot thank you enough for everything you have done to make us shine throughout the past years. You are absolutely wonderful."
